RECOMMENDATION

Accept the staff memorandum and attached 2009 State Legislative Bill Matrix dated April 1, 2009, concerning pending State legislation in the Public Safety and Strategic Support City Service Areas.

BACKGROUND

Included in the Public Safety, Finance and Strategic Support Committee work plan for 2009 is the request for a Legislative Update to be brought forward to the committee by the City Manager's Office of Intergovernmental Relations.

ANALYSIS

The 2009-10 State Legislative Session convened in Sacramento on December 1, 2008, and the deadline for bills to be introduced in the State Legislature was February 27, 2009. A total of 2,565 bills and constitutional amendments have been introduced. Proposed legislation included in the attached matrix reflects 2009 legislation introduced in Sacramento in the Public Safety and Strategic Support City Service Areas. The next major bill deadline in the Legislature is May 1, which is the last day for policy committees to meet and report bills to fiscal committees of the Assembly and Senate. Bills that pass the fiscal committees need to be adopted by either the full Senate or Assembly and passed to the other house of the Legislature by June 5, working toward a September 11 deadline for final passage of bills before the interim recess of the 2009-10 Legislative Session. The Governor will have until October 11 to sign or veto bills. Those bills signed into law will become effective January 1, 2010, unless otherwise specified.

The attached matrix includes 2009 pending State legislation in the areas of law enforcement and the courts; public health and safety; elections, political reform, conflict-of-interest, and public records; employer-employee relations; fiscal issues and taxation; public liability and insurance; and public works, telecommunications and infrastructure. In cases where the City has taken a
